

Tribal Community Meeting

Date: April 1st, 2010

Time: 6:00 pm

Location: Plankhouse

We invite the tribal community to participate in a discussion with the Mulvanny G2 Architecture group and tribal staff for the planning and design of a Tribal Community Education / Library /Cultural Resources Facility.

This meeting will be an information gathering workgroup that will assist the architects in designing a building for utilization for the tribal community.

The goal is to create a sustainable design that will address both the physical and cultural environment that is meaningful and relevant for all participants, while identifying the wants and needs of departmental programs use of the building.

Please bring your questions, ideas and suggestions for the discussion.

Your input is a valuable resource for the planning stage.
